## Elkhorn Traveler Series 4 pc. 5 wt. Rod

This is Elkhorn's most popular line of rod blanks. These smooth casting all around rods have a progressive medium-fast action to handle a variety of fishing conditions. Each model breaks down to less than 30 inches for easy traveling. This rod weighs 3 1/2 ounces.

## Elkhorn Series T2 Reel

The Elkhorn T-Series reel is a mid-arbor reel that features an over-sized cork-on-delrin disk drag system for deep, smooth, controlled stopping power. This proven drag design ranges from free spinning to absolute brute force strength. A perfect choice for fresh or saltwater applications. All

Elkhorn reels are fully machine-cut from aircraft-quality T6 aluminum billet stock for supreme strength and maximum corrosion resistance. Low inertia drag systems result in minimum startup resistance. Precision ball bearings glide over a polished chromium alloy spindle to create the silky smooth drag and retrieve that Elkhorn reels have built their reputation upon. There are no other machined reels that compete with an Elkhorn, guaranteed.

### Component List:

Elkhorn ET 905-4 Blank	\$100
Nickel Silver Reel Seat with Rosewood Insert	\$39
Cork Handle	\$30
CFR Engraving	\$15
Elkhorn T2 Reel	\$189
Jim Teeny 5 wt. Floating Line	\$48
Jim Teeny Backing	\$10
